## AFRICAN SOCIAL SCIENCE REVIEW

The *African Social Science Review* (ISSN 1521-6667) is an annual publication of the Center for International Studies and Research in collaboration with the Office of Research and Development at Prairie View A&M University. This publication seeks articles from all disciplines of social science. The *Review* particularly welcomes manuscripts on the social, economic, political, and policy problems and issues of the African continent and the Diaspora as well as empirical and theoretical articles. Book reviewers are requested to submit articles on recent publications in related topics. Only papers not currently under review or previously published elsewhere can be considered. All submissions are blind refereed. Clarity and directness of presentation are required.

*Manuscripts* must be typed and doubled-spaced following the *American Psychological Association* (APA) guidelines (4<sup>th</sup> edition) or the *Style Manual for Political Science*. Four copies should be submitted, three of which have all references that could identify the author or authors removed. Authors are advised to keep copies for their own record since it will not be possible for us to return the manuscripts. We need an abstract of no more than 150 words. The length of the paper should not exceed 25 double-spaced typewritten pages, including notes, references, tables, figures or graphs and appendices; all must be presented on separate pages, with instructions suggesting the placement in the text. Notes and references should appear at the end of the article. A separate cover sheet showing the title of the paper, the name, affiliation, position and address of the author should accompany each submission. To enhance blind review, the body of the text should include the title, but not the author's name. The views expressed in published articles are those of the authors and not necessarily those of the editors or editorial board.

*Subscriptions* for institutions is \$70.00 annually and \$30.00 for individuals.

An additional copy of the manuscript should be sent to the Managing Editor. Letters and all other business correspondence should be addressed to the Editor-in-Chief at the address listed.

All book review should be addressed to the Associate Editor.
